

“ Natural resources are sources of life. It is our goal to improve our quality of life through restoring our natural resources. ”

WHF is a 501(c)(3) nonprofit organization working to create resilient grasslands and healthy watersheds statewide.

Our mission is to provide on-the-ground restoration, management and generational sustainability of prairie habitat for the conservation of soil, water, air and wildlife.

SITE ASSESSMENT

Direct technical guidance to landowners through on-site consultations. WHF will identify their property's possible land use issues, opportunities, and solutions.

HABITAT MANAGEMENT PLAN

Engaging land managers in the planning of conservation practices with the goal of providing measurable improvements of all natural resources present.

IMPLEMENTATION

Acres under improved management as a result of planned grazing, prescribed burning, invasive species control, rangeland plantings, and more.

Habitat restoration of small- and large-scale ranches for the benefit of wildlife and other natural resources present, along with sustainable management and regenerative agriculture practices.

Sustaining Habitat With Best Management Practices

Technical assistance provided at **no cost** to the landowner.

Using best management practices to restore **public** and **private** lands to their highest ecological function.

- Regenerative agriculture (adaptive grazing, cover crops, use of no-till drill).
- Restoring native habitat (brush management, invasive species control, prescribed burns, native seeding).

Financial Assistance

Technical assistance provided to landowners **to help apply** for potential funding sources.

Programs include:

- Natural Resources Conservation Service (NRCS): EQIP, CSP, RCPP
- Texas Grassland and Savannah Initiative (TGSI)
- Grassland Restoration Incentive Program (GRIP)
- Coastal Grassland Restoration Incentive Program (C-GRIP)
- Texas Quail Coalition
- US Fish and Wildlife Service (USFWS)
- Texas Parks and Wildlife: Pastures for Upland Birds (PUB), Pollinators and Prairies Program (PPP)
